It’s not always easy to find the perfect adult fitting room for everyone in your family. Children and adults with physical or mobility challenges can have trouble finding a fitting room that is safe and accessible and meets their specific needs. Enter: adaptive design. In adaptive design, designers adapt their products and services to meet the unique needs and interests of people with disabilities, as well as the unique preferences of the disabled community. It’s now easier than ever to incorporate inclusive design into the process of creating products and services. The easiest way to start
